TOKYO, Dec. 30 (A)-Gen. Macobjected two months in advance to the Japanese control arrangement just made at Moscow by the Big Three and was not consulted during conference, but nevertheless intended to "try to make it work."

MacArthur issued a special, pointed denial of the assertion in Wash-ington by Thomas Blake, press officer of the Far Eastern Commission, that the supreme commander in Japan had not objected beforehand to the control plan and was "kept fully informed" throughout the Moscow conference at which it was adopted.

(Informed of the MacArthur statement, Blake in Washington de-clined to comment.)
